Colorado's Finest Private Pheasant Hunting Preserve

RMR Weekly E-News

HELLO RMR FAITHFUL!!

I know it might sound like a broken record, but isn't this rain nice? If we can continue to dodge the hail, and we have so far, we will have the best hunting you have ever had at your club. If you had the chance to see the pictures on the weekly news on our website, you can see what we are dealing with. The grasses are over 3 feet tall and the crops are doing fantastic. We are blessed to have the water and it has been something that we have not seen for more than a dozen years.

I know it will be hard for you to believe, but the ponds in Bishop's and Ralphs are FULL. That is all due to run off and rain. You might not remember those areas, but they are the ones in the far north of the club. They are very deep and it is a pleasure to see those holding water again. What a difference some good rains make! Get ready for some of the most amazing hunting you could ask for this year.

LUCKY MEMBERS

RMR member Harley Morey was on his way to Alaska on his motorcycle and had a wreck. He broke several ribs and his clavicle in four places, but says that without his helmet he would not be among the living. We wish him a speedy recovery...which takes a while with broken ribs, and he is in our collective thoughts and prayers.

Barbie Hess, wife of RMR member George Hess was also in an auto crash last week. Her mother was injured...broken ribs too, and Barbie is banged up but OK. The car is not so fortunate, but that is the least of their worries. She has not been feeling well with some other stuff going on and she will have some surgery in August to get back on the mend. Keep the Hess family in your prayers as well! (If it ain't one thing it is another!!)

Wes Metzler is out of the hospital and back in his 'dorm' while he undergoes stem cell replacement in Texas. He is past a lot of hurdles, and his spirits are good. They thank RMR for all of the good thoughts and concern during his treatment.

DOG TRIAL THIS WEEKEND

If you have some time this weekend, come out and watch the Labrador Dog Trial at RMR. For those of you who have not had a chance to see one of these, it is interesting to see what these dogs can do.

GUN SAFETY CLASS AUGUST 9th

We will be holding another gun safety class on August 9th. We have been so busy with summer activities that this is the first chance we have had to get another one set. This class starts at 8am and runs until 4pm or later if you want to shoot longer. Cost is \$75 and this will satisfy your requirement to get your concealed carry permit. Class size is limited to 12 so don't wait to sign up! Email me and I will send you the confirmation as well as what you will need for the class.

Corporate Office

212 W. Buchanan St. • Colorado Springs, Colorado 80907-5106 • 719-635-3257 • Fax 719-630-3329
www.rmroosters.com • Email: hunt@rmroosters.com

Private classes are also available for those that cannot make the group classes. Just email or call the office at 719-635-3257 to discuss.

DOCTORS AND HEALTH CARE

Quote from Margaret Thatcher... "The problem with socialism is that you eventually run out of other peoples' money." As you might imagine, we have a lot of health care professionals as members of RMR. I have not spoken to one of them that is not deathly afraid of what is going on in Washington DC concerning the health care bill that is flying around. You have to make your own decision on this, but you really need to take the time to read some of the things that are in the bill and call your senator and congressmen. As a small business owner, our elected officials are taking us down a path that we will never get away from.

Take a look at the RMR website under July 29 news for some details about this bill that will give you some idea of what they are trying to push through. The government is having a hard enough time trying to run itself (and the banks and auto companies they have taken over) let alone running our doctors and hospitals. Don't wait until it is too late to let your representatives know how you feel. We cannot afford **their** help on this. It will mean a lot of doctors going out of business and our quality health care going down the proverbial toilet. My two cents worth, but more on the web for your reading.

A man is recovering from surgery when the Surgical Nurse appears and asks him how he is feeling.

"I'm O. K. but I didn't like the four letter-words the doctor used in surgery," he answered.

"What did he say," asked the nurse.

"Oops!"

HUNTERS RECOGNISED FOR HELPING THE HUNGRY

Washington, D.C. – Hunters across the country were honored by yesterday's passage of congressional resolution H. Res 270 to recognize the establishment of Hunters for the Hungry programs across the United States and the contributions of those efforts to decrease hunger and help feed those in need.

Thanks to caring sportsmen and sportswomen, millions of meals are served annually each year to those in need across the country. Safari Club International Foundation's (SCIF) program, Sportsmen Against Hunger (SAH) had record breaking meat donations last year with 412,254 lbs of meat, representing 1,649,016 protein-rich meals. In these difficult economic times, hunters are more aware than ever of the difference they can make in their communities through programs like SAH.

Through Safari Club International Foundation's many humanitarian programs like SAH, SCI chapters and individual members demonstrate the highest levels of philanthropy by directly reaching out to people in need throughout the world. Whether it involves feeding millions of hungry each year, offering free healthcare and supplies to impoverished communities, introducing children to the wonders of wildlife or helping the disabled fulfill lifelong hunting wishes, SCIF is committed to the charitable tenets of giving.

"We are grateful that the House of Representatives has chosen to recognize the great work that hunters do on behalf of those less fortunate," said Executive Director John Eichinger. "As a community, Safari Club and our members are truly committed to important programs like Sportsmen Against Hunger and other worldwide programs dedicated to wildlife conservation, outdoor education and humanitarian services."

House Resolution 270 was introduced by Congressman Phil Gingrey and was co-sponsored by 43 Members of Congress. The Resolution passed with a 418 to 1 vote.

ONE FOR THE ROAD

While on a road trip, an elderly couple stopped at a roadside restaurant for lunch. After finishing their meal, they left the restaurant and resumed their trip.

When leaving, the elderly woman unknowingly left her glasses on the table. And, she didn't miss them until after they had been driving about twenty minutes. By then, to add to the aggravation, they had to travel quite a distance before they could find a place to turn around in order to return to the restaurant to retrieve her glasses.

All the way back, the elderly husband became the classic grouchy old man. He fussed and complained and scolded his wife relentlessly during the entire return drive. The more he chided her, the more agitated he became. He just wouldn't let up one minute.

To her relief, they finally arrived at the restaurant and as the woman got out of the car and hurried inside to retrieve her glasses, the old geezer yelled to her, "While you're in there, you might as well get my hat."

HEALTH CARE BILL INFO BY SOMEONE THAT ACTUALLY READ THE BILL

Page 22 of the HC Bill: **Mandates** that the Govt will audit books of **all employers** that self insure!!
