## Colorado's Finest Private Pheasant Hunting Preserve

### RMR Weekly E-News

Hello RMR Faithful!

Let's hope that this heat is only short lived. I know that summer is supposed to be hot, but I like the cooler Colorado weather for sure. It looks like we might get lucky and get some rain by the end of the week. Just in time for Memorial Day weekend!

Between repairs on the equipment, and blown tires on the tractors and other fun stuff, dirt is turning and the club is really looking great. The plan to kill the bad weeds is in effect and on track.

Bring your furry friends out to the club and let them swim and blow off the stink...a great way to get them some exercise and for you to see the growth that has occurred since winter!

#### **GUN SAFETY TRAINING NEWS**

This past weekend we held another very successful gun safety class at your club. The new pistol range is working out nicely and makes it convenient to shoot after the classroom portion of the class. We will hold another class in June, but we don't know the date yet.

You probably saw in the news that our Governor vetoed the bill that would have allowed CCW permit holders not to have to go through the background check each time we buy a gun. It was supported in both the house and Senate, but he thought better and threw it away. If you have the time and think he made a mistake, like I do, let him know.

#### **SAD NEWS**

Chris and Joel Catlin's mother passed away this weekend and they are in our thoughts and prayers. Mike Cowan's mother also died yesterday after a short stay in the hospital and he is heading to Atlanta today. We will keep him and Karen in our prayers, too.

#### **AMMO COMING**

It looks like our ammo is going to arrive in Mid-June. I don't have a firm date yet, but I will pass that along to those who ordered when I do. I spoke to the manufacturer yesterday and they said that I can add to the order that is going to ship, but I need to let them know by Tuesday next week.

If you didn't get in on the first order, or want to add to your order, email me and I will send you the form so you can get in on the order. As you probably know, ammo is almost non-existent and the problem doesn't look like it will get any better any time soon. We might order again later in the year, but your guess is as good as mine on when we could see the ammo. Take advantage of the prices if you want in on this order. Prices did go up a bit, but not as bad as I thought they would.

## **TRAINING BIRDS**

RMR trainer Ben Garcia said he has gotten several calls on the training birds for the summer. He will have Pigeons available for training your four legged friends, and all that you need to do to get some is give Ben a call at 303-709-6268. He is also available for training your dog as well if you don't have the time or inclination to do it yourself.

## **ONE FOR THE ROAD**

An elderly man, 82, just returned from the doctors only to find he didn't have long to live. So he summoned the three most important people in his life to tell them of his fate: His Doctor, his Priest, and his Lawyer.

He said, "Well, today I found out I don't have long to live. So, I have summoned you three here, because you are the most important people in my life, and I need to ask a favor. Today, I am going to give each of you an envelope with \$50,000 dollars inside. When I die, I would ask that all three of you throw the money into my grave." After the man passed on, the three people happened to run into each other. The doctor said, "I have to admit I kept \$10,000 dollars of his money. He owed me from lots of medical bills. But, I threw the other \$40,000 in like he requested." The Priest said, "I have to admit also, I kept \$25,000 dollars for the church. It's all going to a good cause. I did, however, throw the other \$25,000 in the grave." Well the Lawyer just couldn't believe what he was hearing! "I am surprised at you two for taking advantage of him like that. I wrote a check for the full amount and threw it all in!
