## Colorado's Finest Private Pheasant Hunting Preserve

### RMR Weekly E-News

Hello RMR Faithful!

A wonderful spring is dropping rain on the club and we are so excited about a wet spring...the first we have had for a while. This means that the grasses and pastures will get a good drink before the sunny days of summer hit. Lots of cover for the fall and winter!

#### MAY RENEWALS

Some of you are May 15 renewals and should have received your membership renewal paperwork in the mail the first of April. Don't forget that you get 2 additional hunts when you renew on time. Fill out the paperwork and send it back on time so you don't miss out on the "gimme" hunts. You have two weeks to take advantage of the additional hunts. If you didn't get the membership application, let us know so we can email you another one.

#### TRAINING DAYS

RMR's trainer, Ben Garcia is getting ready to put out his summer schedule for the classes. We are going to do puppy classes, how to use the electronic collar and we are looking at doing a snake clinic with a veterinarian coming in to do vaccines for rattle snakes. Watch your email for this info, but know that the summer will be filled with fun for your dogs!

#### BASIC PISTOL CLASS

I goofed the other day...the next class is **May 16th, SATURDAY**. I was looking at the wrong calendar when I was typing. If you want to take this class or know of anyone that could benefit from the training, email me and we will get you on the list. This is perfect for beginners or old shooters that want to get their CCW permit. The cost is \$70 and we have 9 spots left for the course. It starts at 8am and runs until 5pm or when you are done shooting. You just need a pistol and 100 rounds of ammo. Some folks have asked if they need a big gun...one that they might carry concealed, and the answer is no. A .22 is fine since this is a safety class and we teach you how to use your gun as well as the info needed to get your concealed carry permit. Perfect for women and young shooters 15 and up.

#### ADVANCED SHOOTING CLASSES

We will be holding some advance classes for people that want the next level of training with a hand gun. How to use it with a holster, shooting around barricades and low light shooting. I will let you know when these will be, but we will hold the first one in June.

### **ONE FOR THE ROAD**

So there's this man with a parrot. And his parrot swears like a sailor, I mean he's a pistol. He can swear for five minutes straight without repeating himself.

The trouble is that the guy who owns the parrot is a quiet, conservative type, and this bird's foul mouth is driving him crazy.

One day, it gets to be too much, so the guy grabs the bird by the throat, shakes him really hard, and yells, "QUIT IT!" But this just makes the bird mad and he swears more than ever.

Then the guy gets mad and says, "That's it. I'll get you." and locks the bird in a kitchen cabinet.

This really aggravates the bird and he claws and scratches, and when the guy finally lets him out, the bird cuts loose with a stream of invective that would make a veteran sailor blush.

At that point, the guy is so mad that he throws the bird into the freezer.

For the first few seconds, there is a terrible din. The bird kicks and claws and thrashes. Then it suddenly goes very quiet.

At first the guy just waits, but then he starts to think that the bird may be hurt. After a couple of minutes of silence, he's so worried that he opens up the freezer door.

The bird calmly climbs onto the man's outstretched arm and says, "Awfully sorry about the trouble I gave you. I'll do my best to improve my vocabulary from now on."

The man is astounded. He can't understand the transformation that has come over the parrot.

Then the parrot says, "By the way, what did the chicken do?"
