Colorado's Finest Private Pheasant Hunting Preserve

RMR Weekly E-News

Hello RMR Faithful!

It is done.....the 2009-10 season is over. We are finished for the season and are preparing for next year!

This is our "BIG" year....25 years in business and we plan to have a lot of fun things for members and their friends and family. Watch your E-news and your mail for the details.

It has been a wonderful season and we were blessed to be able to run a bit longer than normal. The weather helped us do that and the cover lasted all season. We just need to have the critical rains this summer to get the new crops growing!

Thanks for all of your support and business this season....you are the best members a club could dream of.

BLACK BEAR IN ALBERTA

One of our members who was going to Alberta the end of May is ill and cannot make the trip this year. If you want to hunt black bear in Alberta, now is the chance! On this hunt you can shoot 2 bears and you will see a lot of critters to pick from. Cost is \$3150 and you can email me for details on the trip. We could get two hunters in on this trip if you wanted to bring a friend or a child or your spouse!

RMR MEMBER NEWS

Please keep my wife Rebecca in your prayers as she deals with some ongoing and new health issues.

JD Ross' son Garrett is back in the hospital and is having a rough go. He has been blessed in his young life to receive 2 hearts, and his having trouble with the second one now. Keep Garrett and the Ross family in your prayers.

WHERE CAN YOU CARRY?

That is one of the questions that is answered in the gun safety class as well as a lot of other great information about carrying a handgun in Colorado, if you chose to get your concealed carry permit, or where and how to carry if you don't. The basic pistol class gives you a working knowledge of the various hand guns and show to handle them safely as well as plenty of shooting on the range.

The next gun safety class will be on April 24th. This class will give you the necessary certificate so you can get your concealed carry permit in Colorado, if you chose to do so. If you would like to take this class or know of someone who would, email me for details. Cost is still \$80.

LINK ON THE RMR WEBSITE

If you have had a chance to look at the new RMR website, you can see under the AFFILIATES tab there are links to our page. If you would like to trade links from your website to ours, send me a note and we will do that.

TWO FOR THE ROAD

A doctor traveling by car along a country road collides with an attorney who happens to be driving in the opposite direction. The attorney, seeing that the doctor is a bit shaken up, helps him from the car and offers him a drink of Scotch from his hip flask. The doctor accepts, took a long drink and hands the flask back to the attorney, who closes it and puts it away. "Aren't you going to have a drink yourself?" asks the doctor.

The attorney replies, "Sure — as soon as the police leave."

++++++

Students in an advanced Biology class were taking their mid-term exam. The last question was, 'Name seven advantages of Mother's Milk,' worth 70 points or none at all. One student, in particular, was hard put to think of seven advantages. He wrote:

- 1.) It is perfect formula for the child.
- 2.) It provides immunity against several diseases.
- 3.) It is always the right temperature.
- 4.) It is inexpensive.
- 5.) It bonds the child to mother, and vice versa.
- 6.) It is always available as needed.

And then, the student was stuck. Finally, in desperation, just before the bell indicating the end of the test rang, he wrote...

- 7.) It comes in 2 cute containers.

He got an A.
