RMR Weekly E-News

Hello RMR Faithful!

Here are a couple of things that you might want to take advantage of or be aware of.

LIVE WEBCAST FRIDAY MORNING

I will be on the first live webcast with Danny Dodge this morning....I hope you can watch on the internet.

New "Danny Dodge Live" Online outdoor TV ShowTime:10:00AM Friday, April 9th

Location:Live broadcast online: <http://www.livingthewildlife.com/ddlive/ddlive.html>

STONE SHEEP HUNT IN BC

For those of you that have always wanted a Stone Sheep, here is a great opportunity. Our friend and outfitter Russell Cummins has one opening for this year. The hunt is Aug 16-Sept 2. As you probably know this species is not cheap to hunt, but Russell has one of the best deals going for Stone. \$22K plus a trophy fee if you shoot one of \$6K. Several RMR folks have gone on this hunt including myself and I can get your references if you want to get the poop about his hunt. Let me know if you would like to chat about this one. It is an awesome hunt and you could shoot a Moose while you are there if the opportunity presents itself.

CABELAS SET TO OPEN IN COLORADO

GRAND JUNCTION, Colo.- Cabela's®, the World's Foremost Outfitter of hunting, fishing and outdoor gear, will open its first Colorado retail store in Grand Junction on Thursday, May 20, 2010, at 4 p.m.

The 70,000-square-foot, next-generation Cabela's store will anchor Mesa Mall, located at the intersection of 24 Road and U.S. Highway 6 and 50 in Grand Junction. Mesa Mall offers more than 880,000 square feet of retail shopping, making it the premier shopping destination on Colorado's Western Slope.

"Colorado is known for its rich tradition of outdoor participation," said Tommy Millner, Cabela's Chief Executive Officer. "Hunting, fishing, camping and outdoor activities are a way of life for those on the Western Slope and throughout the state. We're thrilled Grand Junction will be Cabela's first location in Colorado."

Cabela's Grand Junction store will be stocked with products specifically selected for Colorado outdoor enthusiasts and for people traveling to the region. Plus, the in-store Cabelas.Com Lodge will give customers access to virtually every product in Cabela's inventory. Products ordered through the Cabelas.Com Lodge can be picked up at the store, saving the customer home-shipping charges.

Store manager Bill Stockstill has hired more than 200 employees, most of whom have come from Grand Junction and the Western Slope, to carry on the company's tradition of industry-leading customer service. Cabela's employees are famous for living the outdoor lifestyle and having exceptional knowledge of outdoor products. Product offerings will include hunting, fishing, camping, hiking, boating and wildlife-watching gear, as well as

outdoor clothing and outdoor-themed gifts. Historic memorabilia and museum-quality taxidermy displays highlight the store's décor.

Cabela's Grand Junction store hours will be Monday through Saturday, 9 a.m. to 9 p.m., and 10 a.m. to 7 p.m. on Sunday.

GUN SAFETY CLASSES

The next gun safety class will be on April 24th. This class is a basic pistol class and will give you the necessary certificate so you can get your concealed carry permit in Colorado too. If you would like to take this class or know of someone who would, email me for details. Cost is still \$80.

This summer we will start offering several classes for advanced training for handgun shooters. This will be available to CCW permit holders, or people that have passed the basic pistol course and will be 90% range time. Watch the E-News for details and dates. We are upgrading the pistol range with moving targets and this will enable us to school you in different situations for personal protection as well as home protection, but more importantly accurate and safe shooting of a handgun.

TWO FOR THE ROAD

A family went to a hospital, where one of their relatives would be having a brain transplant. One of the relatives asked, "What will the cost of a new brain be?" The doctor replied, "A female brain costs \$25,000 and a male brain costs \$50,000." The men smirked, but one of the females asked, "Why is that, doctor?" "Well," the doctor replied, "the female brain is less because it has been used."

+++++

"Who Wants to be a Millionaire"

A contestant named Sally, had reached the final plateau, on the TV show 'Who Wants to be a Millionaire?'

If she answered the next question correctly, she would win \$1,000,000. If she answered incorrectly, she would pocket only the \$25,000 milestone money.

And as she suspected, the Million Dollar Question would be no pushover.

It was: 'Which of the following species of birds does not build its own nest, but instead lays its eggs in the nests of other birds? Is it:

- A) the condor
- B) the buzzard
- C) the cuckoo
- D) the vulture

Sally was on the spot. She did not know the answer.

She had used up her 50/50 Lifeline and her 'Ask the Audience Lifeline'. All that remained was her Phone-a-Friend Lifeline. She hoped she would not have to use it because....Her friend was, well, a blonde.

She had no alternative.. She called her friend and gave her the question and the four choices. The blonde responded unhesitatingly and immediately:

'That's easy. The answer is C: the cuckoo.'

The contestant had to make a decision and make it fast.

She considered employing a reverse strategy and giving any answer except the one that her friend had given her. Considering that her friend was a blonde, it would seem to be the logical thing to do, but her friend had responded with such confidence, such certitude, that Sally was convinced to take her friend's answer.

Crossing her fingers, the contestant said: ' C: the cuckoo.'

Is that your final answer?' replied Regis Philbin the moderator.'

'Yes, that is my final answer.' Sally replied.

'That answer is ...Absolutely Correct'

You are now a millionaire!'

Three days later, the contestant hosted a party for her family and friends, including the blonde who had helped her win the million dollars.

Fay Sue, I just do not know how to thank you, ' said the contestant. 'How did you happen to know the right answer?'

'Oh, come on,' the blonde replied...

'Everybody knows that cuckoos don't build nests. They live in clocks..'

Sally fainted.
